

GETTING THE HOUSE IN ORDER TWO-PART BUSINESS BREAKFAST

Please join us for this two-part business breakfast event **"Getting the house in order"** which will cover:

Part 1: Key WHS considerations for the recycling and waste management sector in 2024

- a. Overview of Work Health and Safety in the Waste and Recycling Industry
 - Understanding the unique challenges and risks in waste management and how to manage them.
- b. Key takeaways and lessons from recent case studies involving incidents of serious injury or fatality in the waste industry
 - SafeWork NSW v Solveco Pty Ltd (No. 2) [2022] NSWDC 331
 - SafeWork NSW v Aussie Skips Recycling Pty Ltd; SafeWork NSW v Roussakis [2022] NSWDC 276
- c. Checklist for employers on proactive WHS risk management
 - Key takeaways and reminders for employers and workers in the waste and recycling industry: before, during and after a safety incident

Part 2: Waste levy considerations following the completion of the state-wide compliance actions

- a. Summary of findings from a case study of over 50% of all landfills in the state
 - Recent regulatory/legislation changes
 - Resultant regulator's compliance process and the notices/actions identified for rectification or penalty
- b. Best practice outcomes and opportunities for facilities to action moving into the new financial year
 - Real world examples
- c. Highlight key areas for compliance action
 - For operators of non-landfill sites/services
 - Checklist for those operators to investigate best practice improvements
